SKILLS

- **Languages:** C++, Java, C, Python
- **Frameworks:** HTML and CSS
- **Tools/Platforms:** Docker, Cloud stack, AWS, Linux, Figma
- **Soft Skills:** Problem-Solving, Team Player, Adaptability, Leadership

PROJECTS

- **Cinemat – OTT Aggregator and Watchlist Management App:** [Link](#) Jun'25-Jul'25
 - Made a complete desktop app prototype in Figma, using components, variants, and auto-layout.
 - Implemented interactive user flows by linking frames interactions to simulate real app navigation
 - Integrated direct OTT redirection so users can seamlessly move from Cinemat to platforms like Netflix and Prime Video with minimal steps.
 - Acquired a unified watchlist feature allowing users to save and track movies/series across multiple OTT platforms.
 - **Tech:** Figma
- **Deadlock Detection & Prevention System:** [Link](#) Feb' 25-Mar' 25
 - Developed a Python application to detect deadlocks in real-time using resource-allocation graphs and process-state evaluation.
 - Executed Banker's Algorithm to automatically prevent unsafe states by validating resource requests before allocation.
 - Designed graph-based visualizations to display processes, resources, and circular wait conditions for easier analysis.
 - Built a strong system to simulate, detect, and prevent deadlocks.
 - Successfully Designed a real-time deadlock detection and prevention system with clear visual insights into process-resource interactions and unsafe state identification.
 - **Tech:** Python

TRAINING

- **Thinking Design Prototype: Design Thinking and Figma | LPU** [Link](#) Jun' 25-Jul' 25
 - Completed a summer training program in Design Thinking and Figma, gaining a strong foundation in UI/UX principles.
 - Applied concepts such as personas, storyboarding, and color theory to design user-centered solutions.
 - Developed an interactive UI/UX prototype through wireframing, prototyping, and component-based design.
 - **Tech:** Figma

CERTIFICATES/CERTIFICATIONS

- Computational Theory: Language Principle & Finite Automata Theory | Infosys [Link](#) Aug' 25
- Privacy and Security in Online social media | NPTEL [Link](#) Apr' 25
- The Bits and Bytes of Computer Networking | Coursera [Link](#) Sep' 24
- Digital Systems: From Logic Gates to Processors | Coursera [Link](#) Sep' 24

CO-CURRICULAR

- Participated in TATA Crucible Campus Quiz 2025 Nov' 25
- Participated Adobe India Hackathon Jan' 25
- Participated in BinaryBlitz Achievement Certificate Sep' 24

EDUCATION

- **Lovely Professional University** Jalandhar, Punjab
Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.24** Aug' 23 – Present
- **Elite Junior College** Visakhapatnam, Andhra Pradesh
intermediate; **Percentage: 90%** Sep'21 – Mar' 23
- **Narayana e-techno School** Narasannapeta, Andhra Pradesh
Matriculation; **Percentage: 93%** Apr' 20 – Mar' 21
